

### **marketing theory evidence practice pdf**

Social marketing is the use of marketing theory, skills and practices to achieve social change. It has the primary goal of achieving "social good". Traditional commercial marketing aims are primarily financial, though they can have positive social affects as well. In the context of public health, social marketing would promote general health, raise awareness and induce changes in behaviour.

### **Social marketing - Wikipedia**

A marketing orientation has been defined as a "philosophy of business management." or "a c A firm employing a product orientation is mainly concerned with the quality of its own product.
